

Our Commitment to You!

Your wedding day will be one of the biggest and most important days of your life, and we understand that! That is why we

go the extra distance to work with you and or your wedding coordinator to make sure that this day is one you

will remember for the rest of your lives together.

Our DJ's and Emcee's don't just play music, they help to choreograph your entire event. They are dedicated to spending as much time as needed with you to make sure that all the details have been worked out. They go the extra distance so you do not have to worry.

We understand the only reason we are in business is because of you, we also realize that the success for your special day hinges on your choice of a DJ. Please allow us an opportunity to review your plans for that special day to see how we can make that day unforgettable.

To schedule an appointment and or if you have any questions, please call:

888-367-7513

Wedding Reception

We have planned 5 hours* for your reception, cause this time goes by so quickly. This will allow the Bride & Groom plenty of opportunity to greet all of their guest as well as schedule all those traditional events everyone loves so much. It will also give you assurance that you have time to dance and most importantly enjoy yourself.

Event Planning

Our professional staff has been doing this on average for over 20 years, and we have helped to assure that the most important day in your life is planned with the utmost care.

Our planner will sit down with you and fill-out a very detailed ceremony and reception planning guide. It will be at this time that your planner will recommend ideas to help your special day be less hectic.

Our DJ/Emcee will work with the Catering Manager, Photographer & Videographer so that you can enjoy your day and leave the worries to us.

Staff, Equipment & Music

We pride ourselves on our professionalism and ability to take this industry to the next level. We will dress to your specifications, and focus on the needs of you and your guests the day of the event.

The equipment for your reception is selected only after reviewing the facility and layout of your special event. We assure you that all of our equipment is the highest of quality.

Our DJ's know how to read crowds to get everyone up and dancing and we have a wide variety of music to fit everyone's interest.
